Miss Edwina Gilbert announces the following honors received by a group of her pupils who entered the National Piano-Playing Tournament held in this district at Abilene, Saturday, May 2.

The following certificates of honors constitute the award:

District Honor Roll—four to six well learned pieces; State Honor Roll—seven to nine pieces; National Honor Roll—ten or more selections. High honors in each case are awarded for an average grade of 90 per cent.

Those achieving the above honors are: National Honor Roll: Mary Jane Jones, Maxine Brundage (with high honors); State Honor Roll: Joyce Hudson; the following with high honors: Le Nelle Carlton, Milton Fletcher, Harold Fletcher, and Anita Anderson; District Honor Roll: Selma Hassen, Wanda Wileman, Jean Young and the following with high honors: James Tate May, Tommie Nell Holman, Charles Brown, Dorothy Fern Routh, Velta Griffin, Mary Murrell Woodward, Melvin Bullard and Jimmy Clements.

Parker May "Planned down" from Dallas last Saturday night to spend the Sunday in Hamlin with his parents, Mr. and Mrs. M. P. May. Parker was to have "landed at the Abilene Air Station at 11:00 P. M. Saturday, but old Man Weather kept him grounded till the dawn of Sunday morning. Parker is one of the boys who is helping administer funds for the government, in the settlement Administration. He was paying off in Dallas and the plane made it easy to swoop down home and back without any loss. The last few years Parker May has become the tallest May in his family.

Mrs. J. A. Wilhite, of Harlingen, returned home last Thursday after a visit here with her parents, Dr. and Mrs. L. S. Magee.

MISS MATTIE WILKINSON WON IN HOME TOWN CONTEST

By oversight last week, the Herald failed to record the three high ranking speakers in the elimination contest for winner of "My Home Town" honors.

The young men and young ladies, sixteen in all, made a very entertaining evening telling all about "My Home Town."

Judges were from Abilene, headed by Professor W. A. Stephenson, of Simmons University.

The judges gave first place to Miss Mattie Wilkinson, second to Miss Betty Cluny and third to Miss Avelene Murphee.

FIRST position gives Miss Wilkinson the right to represent Hamlin at Amarillo with all expenses paid by the Hamlin Chamber of Commerce. SECOND; Miss Cluny gets \$5.00 cash award and the THIRD, Miss Murphee \$2.50 cash.

All of the speakers shaped up good talks on Hamlin, and of course the three best had to be good.

Really, "My Home Town" is just about the best place "ever" to live in—and to hear the many speeches at Amarillo when the West Texas Chamber of Commerce meets there next week will make the listeners realize what a good country we all have to live in.

Mr. and Mrs. Pat Miller and children went up to Plainview last Friday afternoon to visit their parents, Mr. and Mrs. T. J. Conner and their sister, Mrs. J. L. Sartor and family. Mrs. Conner returned with them for a short visit.

Mrs. Ray Russell and daughter, little Miss Janis, are visiting Janis' grandmother, Mrs. W. F. Russell, at Wylie. They will visit other relatives in Dallas, McKinney and Sherman before returning home.

LIGHTENING STRIKES WISE CHAPEL HOME

The folks at the Ruben Ray home, near Wise Chapel can realize what it means for hot lightning to strike a house.

Last Friday night, during the electrical storm, they were listening and peering out in the uproar—Bang! and a blinding, deafening roar crashed through the house—on a wall, onto a headstead, through a mattress, through the floor to the ground. Nails were "backed out" and fire caught in the mattress. No one was hurt, except scared.

After it was all over, they are reported as taking refuge in a storm cellar. Lightning can be serious—keep away from walls.

H. E. WOOD TAKEN BY DEATH, TUESDAY

For many weeks, H. E. Wood, a prominent farmer residing south of Hamlin, was lingering near death. He passed away Tuesday, May 5, at 2:20 A. M.

Mr. Wood was born in the State of Alabama, Dec. 12, 1865 and was 70 years, 4 months and 23 days of age at the time of death. He came with his parents at about the age of 12, to Texas and settled near Corsicana. He was united in marriage to Miss Mary Hix in that section of Texas and to this union there were nine children who, with their mother survive. Their names are: Lester, Johnny and Raymond, of Hamlin; and Joe Wood of Midland; the daughters are Mrs. T. C. Gregory of Anson; Mrs. S. L. Newsom of Midland, Mrs. A. P. Blackwell of Big Spring, Mrs. C. E. Richards of Dumas, and Mrs. J. P. Cornelius of Hamlin.

Mr. Wood is survived by one brother, R. A. Wood of Mexia, who for a long time lived in Hamlin, and who came and remained at the bedside of his brother many days, but had returned to his home when death came.

Mr. Wood came to Jones County in 1908 and had lived in the Neinda community since then. He was a man of much energy and a good farmer—a member of the Neinda Baptist Church.

Funeral services were held at the Neinda Cemetery Wednesday afternoon, by Rev. A. P. Thornton, of Aspermont, assisted by Rev. Bate-man of McCaulley.

L. L. COWAN CARRIED TO MUSKOGEE HOSPITAL

For many weeks L. L. Cowan has been ill—in fact very sick, and seemed to be getting worse each day. Last Friday he was carried to the Veterans' Hospital at Muskogee, Oklahoma. He was accompanied by his wife, his sister, the nurse and others to the hospital. He stood the trip well, and by Monday Mrs. Cowan could return home. She says L. L. is doing better.

TWO TRUCKS CAUGHT AND FINED IN HAMLIN

This week two fellows from the Cedar Hills about Mineral Wells were caught in Hamlin with two enormous loads of post.

Hamlin policemen "jumped" them and after a lot of argument, a dash up an alley, followed by deputy A. A. Miller on foot with a big pistol, one of the trucks made a get away.

The second truck, followed closely by Miller was fired upon with a bang and the young fellow stopped just behind the Sinclair Station, his eyes bugging out from the cab facing that long gun. The officer having secured the key, he commandeered a big fast new car and gave chase. The load was overtaken just before it reached the County line on Highway 4. The fellows were held here till the "Patrol" came and checked their weights. One had about 3,000 too much and the other over that amount.

The boys were carried to Anson and had to fork up a big fine, each.

WISE CHAPEL SCHOOL BUILDING GOING UP

Supt. of Construction, J. W. Muncy, reports work progressing fine on the new all-brick school house for Wise Chapel.

It will be recalled that the first building burned since Christmas.

The new building will be only one story high, and will contain four rooms—two with folding partitions to enable auditorium space.

The architect for the structure is Tom Shelburne. The estimated cost will be around \$10,000.00.

Mrs. D. J. Moss, of Denton, came over from Denton Monday, accompanying Mrs. E. M. Wilson, and Miss Elmo Joy and Miss Clydene, who had been to Denton on business. Mrs. Moss is a guest of Mrs. A. E. Par-due and meeting her host of old time friends is a real pleasure. Mrs. Moss and her family resided here for a number of years.

Bob Young, Tompsey Young, Bill and Clarence Young went to Brownfield Monday to look after property. While out there, they went on to Littlefield to see Mr. and Mrs. Roy Young.

Clif Reynolds, Arlie Cassle and Grogan Turner left Sunday to attend the District Lion's Convention in Childress the first of this week.

Dr. Turner Bynum and Attorney Gerald Morgan went up to Childress Monday to take in a part of the Lions Convention, especially the barbecue. They got back sometime after Tuesday started. It has not yet been determined whether the Doctor goes along to protect the Attorney or is it that the Doctor feels he may need legal help. Anyway the Attorney and Doctor make many trips together.

I will appreciate your GRAIN INSURANCE. It may hail. If so, can you afford to lose your wheat?

My Company is over 100 years old with Millions of Dollars in reserve for Hail and Fire losses. They want to take the risk for you and will pay your losses if you have a loss.

If you want this protection, please see or phone met at once before it is too late.

To Make Award for Service Station Being County's Most Attractive

AWARD:

The State Highway Department, through its Landscape Division, proposes to make an annual award of a handsomely designed emblem as a reward of merit to the Service Station located on a State or Federal Highway of Texas, which is adjudged to be the most attractive in its particular county. One award will be made in each county, and will rotate each year to the Station declared by the judges to be the winner for that year. The same Service Station may win the award in successive years. Having won it for three years, such Service Station receives the award permanently so long as it keeps up the standard, and is not eligible to compete for two years after having lost the award. This contest is open only to Service Stations along the highways and intowns not exceeding 5,000 population.

AIM OF THE CONTEST:

To promote a greater comfort for the traveler, and to further a state-wide appreciation of beauty and cleanliness along the highways of our state. This in turn should inspire every Service Station manager to do likewise with his premises in order to bring out the attractive feature to the traveler in the State.

ELIGIBILITY:

Any service Station is eligible to enter this contest, provided it is located on a State or Federal Highway of Texas, except in towns exceeding 5,000 population.

JUDGES:

Each Division Chairman and County Chairman of the Citizens' organization for the State Highway Beautification (co-operating with the State Highway Department) will appoint three judges for the highways through each respective county.

POINTS TO BE JUDGED:

1. General appearance-----
-----10 Points
2. Cleanliness of rest
rooms ----- 10 Points
3. Neatness of premises-----
-----10 Points
4. Absence of unnecessary
and unsightly signs ----
-----20 Points
5. Maintenance of build-
ing ----- 10 Points
6. Generous distance between
station and pavement ----
-----30 Points
7. Planting of flowers,
shrubs, etc. ----- 10 Points

The slogan, "Clear away all unsightliness in Texas," depends for its success on the commercial establishments along the public thoroughfares. The Service Stations should realize the importance of appearance of their premises in order that they may increase business, and these should be induced to be-

REV. J. H. WHITAKER REMAINS IN HAMLIN

Due to the fact that Brother Whitaker's plans did not materialize and the local church had not secured a minister to take his place, the church board voted unanimously requesting Brother Whitaker to remain until the convening of the District Assembly in November. Brother Whitaker accepted.

W. N. Temple returned Monday from the bedside of his son, Earl Temple in Lubbock, where he had been for several days. He at the time of leaving Lubbock thought, Earl's condition, from the major operation was satisfactory. However a message Wednesday said he was worse and Mr. Temple and his two daughters, Miss Elenor and Mrs. Hibbs Milsap and Miss Phillis, left early Thursday, accompanied by Mrs. Burns Eakin. Reports were that Earl was dangerously ill.

Arthur Albritton, president elect, of the Hamlin Rotary Club and Mac Brundage represented the Hamlin Rotary Club in the District Convention at Fort Worth this week. They made their report to the club Wednesday and the main point to their report was that the entire program was inspiring and all Hamlin men should have heard the great address. Mr. Brundage also had his daughter, Miss Maxine with him and Mr. Albritton in the Convention.

Miss Margaret Boyd and friend, Miss Elizabeth Van Sickle, of Sweetwater, were over for a Sunday visit with Hamlin friends and relatives.

Claud H. Chastain and wife, of Pampa, who have been visiting their parents, Attorney and Mrs. C. P. Chastain, left Thursday for Abilene to take a position in a drug store in that city.

come leaders in this clean-up campaign. Service Stations should preserve a wide area between its building and the pavement, both for the convenience and safety of the patron.

Let beauty become universal throughout Texas so as to inspire those who visit this great State.

NOW BOYS, this is the most sensible thing the "Beauty Development Division" of the State Highway Department has yet offered or suggested.

Get busy—you win even if you fail to get the award. We hope the time will come when all stations have "life" and beauty all around them. YEP.

HAND SETS

GREATLY REDUCED

Almost 140,000 hand sets telephone users in Texas will receive a reduction in rates totaling more than \$250,000 annually, W. L. Prehn general manager of the Southwestern Bell Telephone Company, announced today. Telephone users, when they have had hand sets for two years, will no longer have to pay the additional charge of 15 cents a month. This new rate will be effective May 26.

The two year period will be retroactive from that date, which means that the customers who have had handsets for two years will cease to pay immediately.

Handsets were first introduced in 1927, at which time a charge of 50

cents a month was made because of higher manufacturing costs and maintenance, as well as the necessity for control to keep the demand from exceeding the available supply. This also prevented too rapid displacement of thousand of serviceable desk type telephones.

Economics of manufacture and improvements in design which lowered maintenance costs caused successive reductions to 25 cents. Now with the gradual introduction of the hand set completed the limiting of the charge to a 24-month period is warranted, it was stated.

HIGHWAY MAIL BOX

STANDARDS ERECTED

This week District Engineer French, headquarters in Abilene and his assistant were in Hamlin and among other things the pretty "octagonal" concrete bases supporting a white painted post, making those pretty supports for rural mail boxes along the highways was under discussion. The Herald, like the engineers, has not noticed any comment about that modern civic improvement. Well, here we go—The Highway Department, realizing that the usual run of rural mail boxes and their supports were so "makeshift" and untidy decided to rush uniform, non-perishing structure for mail boxes on every highway in the state—by those eight-sided blocks in some parts of the state certain kinds of flowers will be growing—it is a

good step for civic beauty along our stretching miles of never ending highways.

Eat up distance, but not your bearings

Get alloyed oil . . . and you'll get the difference

Ask your wife. The least little heat makes smoke out of some of the oily substances she puts in her frying pan. They vanish double quick, while others stay put.

That's the sort of difference your hilliest hot-weather drive will show you in Germ Processed, the alloyed oil. Patented.

It not only stays up around "Full," but stays right up in every working surface of your engine. Yes, the pistons, cylinders, valve gear, and any types of bearings ever used, can really take in this alloyed oil. You might say they become lastingly, smoothly "oil-glazed."

And you can see that this added sleek oil-surfacing, together with the high-durability Germ Processed oil-film, easily doubles your guard against summer grief. Now when you want to go farthest fastest, get Conoco Germ Processed oil—the alloyed oil. Continental Oil Company.

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered Theoford's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theoford's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

CARLTON 4-H CLUB

The Carlton 4-H Club met at the home of their sponsor, Mrs. Kirk, Friday morning at 8:45 o'clock.

Several songs were sung and one new one learned.

In the business session arrangements were made for an ice cream supper. The members have been busy on their sewing projects, and at this meeting slips were tried and fitted. Nearly all the members have either planted gardens or made plans to plant.

Each girl plans to make her goal and go to encampment next June.

Our garden demonstrator reported she had planted her garden, and since the rains it is doing fine.

The clothing demonstrator has made out her inventory for the year and also has plans for her closet.

Tuesday night at the Farmer's Meeting a cake was sold and the money will be used to send delegates to the short course at A. & M.

Mrs. Ivan Yargus, Belknap, Iowa, writes the following letter about her remarkable improvement after suffering for 20 years.

"I had such pains in my back, shoulders, neck, arms and hands that I couldn't rest at night. I couldn't raise my arms to comb my hair and felt like life wasn't worth living.

"While looking over the paper one day, I saw an ad for Williams R. U. X. Compound. I got a bottle and after taking two doses the pain began to leave. I have taken this medicine now for a little over two weeks and feel like living again. I can do all my work now, where before I had to have help."

DOCTOR'S PRESCRIPTION WINS PRAISES OF MANY WEAK, RUN-DOWN PEOPLE

Four-Way Medicine Helps
Build Rich, Red Blood,
Tones Up the System, and
Aids Elimination of Pois-
onous Waste Matter—Im-
proved Formula Based on
Prescription Used by Phy-
sician in His Private Prac-
tice Is Now Available at a
Cost of Only a few Cents
a Day.

A Boon to Many Sufferers

New hope of relief from those simple anemias of the hypochromic type which are so often accom-
panied by weakness, lack of ambi-
tion and "pep," loss of appetite,
has been brought to many suffer-
ers in Hamlin by the
recent announcement that a doc-
tor's prescription intended for
these conditions is now available
in this city and can be had at a
cost of only a few cents a day.
This preparation, known as Wil-
liams S. L. K. Formula, has won
the enthusiastic approval of many
sufferers who have tried it, and
so confident are the distributors
that it will benefit other users that
they offer it on a guarantee that
the first bottle must produce re-
sults or money back.

Works in Four Ways

Williams S. L. K. Formula is
believed to be unique inasmuch
as it does its work in four differ-
ent ways. It contains a valuable
mineral element which is neces-
sary for building rich, red blood.
It is a tonic for the system, and
is a mild stomachic tonic. It also
has a mild laxative and diuretic
action, and thus aids in the elimi-
nation of poisonous waste matter.

Many men and women feel
"tired-out," worn-down and have
little zest for work or play, simply
because of poisons in their sys-
tems, due to insufficient activity
of kidneys and bowels, and be-
cause they are deficient in the
necessary elements for the produc-
tion of red blood. In such cases
Williams S. L. K. Formula seems
to give particularly effective re-
sults. Many sufferers say that
after taking only a few doses they
"felt different," and as they con-
tinued with Williams S. L. K. For-
mula, life seemed to take on a
new meaning for them.

Nearly everyone, both old
and young, should have a
good tonic now and then.
Ask the druggist below to
tell you all about Williams
S. L. K. Formula and the
remarkable offer which is
being made to sufferers.

Relief Is Quick

If you feel weak, "run-down",
nervous; if you seem to have lost
your "grip" on things and your
everyday tasks are a burden and
a "grind," don't suffer another
day without trying Williams S.
L. K. Formula. You'll like its
pleasant action, intended for quick
benefits which many describe as a
blessing to them. Being a liquid
Williams S. L. K. Formula is easily
assimilated and starts to work
almost immediately. Only small
doses are required. A teaspoonful,
taken with water, makes the equiv-
alent of a brimming glassful of
tonic and system cleansing ele-
ments.

Make This Guaranteed Test

Get a bottle of Williams S. L.
K. Formula today. Start taking
it as directed and see for yourself
what a wonderful aid this im-
proved preparation can be, in help-
ing to quickly dispel that tired-
out, run-down feeling. See for
yourself it is doesn't give you a
"whale of an appetite" and make
you feel like a different person.
Remember, Williams S. L. K. For-
mula is sold under a positive
guarantee of money-back on the
first bottle if you are not satis-
fied. Start taking Williams S. L.
K. Formula at once. If it doesn't
do all—even more than you ex-
pect, return the empty bottle to
the druggist and the trial will cost
you nothing.

McMURRAY COLLEGE GAVE MUSICAL

The Music Department of Mc-
Murray College, gave Hamlin people
a musical treat Monday evening, at
the High School auditorium, under
the sponsorship of the Schubert
Music Club of Hamlin.

The McMurray program was a
part of the observance of National
Music Week, which has been the
chief attraction in all musical pro-
grams of the week.

The program was under the direc-
tion of Mrs. Willie, dean of the fine
arts department at McMurray Col-
lege. She was accompanied by about
thirty or more students, who appear-
ed in the chorus and glee club num-
bers. It was a pageant depicting the
changing eras of Texas music from
the coming of the priests and their
method of teaching by chants among
the Indians down to the present day
of "Texas My Texas." It was a
parade of the various flags that have
waved over the Lone Star expanse
of territory. To introduce the eras
of influence were two young lady
heralds with trumpets and a flag
bearer (in white satin), all making
a very pretty setting for the color-
ful scenes of Indian days, of monks,
early pioneers, Mexican life, Re-
public days, statehood, confederate
episode and in the background were
a number of famous old negro
songs, one of which was "Steal
Away."

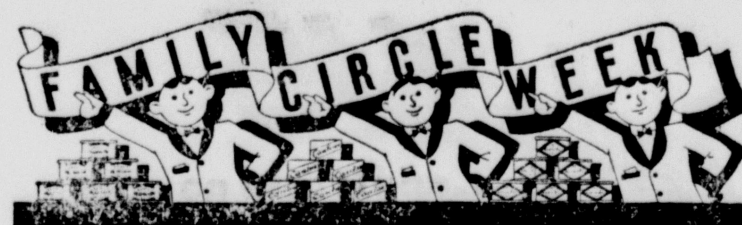

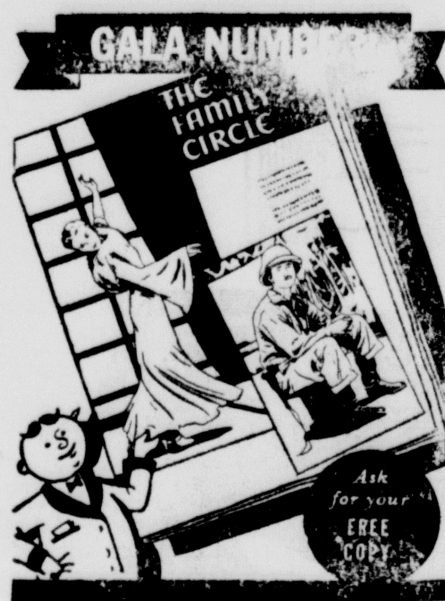

A male quartet from the college
played a prominent part, but per-
haps the climax of the entire pro-
gram were the solos rendered by
two of the young ladies of the cast.
It was a good program from start
to finish.

TUDOR SEDAN

BUILT IN TEXAS BY TEXAS LABOR.

TWO things above all are worth look-
ing at carefully before you choose your
new car. One is the real dollar value and
motoring satisfaction you are going to get
for your money. The other is the price of
the car delivered and in your garage ready
to drive. Here you see the low delivered
price of a new Ford V-8. If you will drive
this 1936 Ford car, you will also see at
once how much greater value it gives you
than even Ford has ever offered before. In
performance, safety, comfort, and beauty,
it is by far the finest Ford car ever built.

Carlsbad this week-end. We are
planning to visit Roswell, the bot-
tomless lakes and Carlsbad Caverns.

SENIOR PLAY A SUCCESS

The Senior play, "Guess Again,"
went over with a loud bang, last
Thursday night. We had a record-
breaking crowd and took in more
money than any other Senior Class
has made on their play. From the
applause and roars of laughter we
feel sure that the audience got the
worth of their money and that they
didn't feel cheated when they went
home, Fri. morning Mr. Smith took
pictures of all the cast, sponsor and
business manager. So we were
greatly pleased when Miss Toompson
received a letter from the publish-
ers of "Guess Again," asking that
she send a statement concerning the
play and a picture of the cast.
imagine that! We may even get our
pictures in one of the play books
for next year.

Mrs. W. O. Baker, whose home is
on Hope Avenue in Hamlin, but re-
cently living in Big Spring, felt the
"pull" of the fish line and May First
found her back at home promptly
fishing off the banks of Hamlin
Lakes. She was accompanied by
Mr. and Mrs. Jackson, of Corsicana,
some more old time Hamlinites, who
can't forget the Hamlin Lakes.

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and
improves digestion, helping women
to get more strength from the food
they eat. As nourishment is im-
proved, strength is built up, certain
functional pains go away and wom-
en praise Cardui for helping them
back to good health. . . . Mrs. O. E.
Ratliff, of Hinton, W. Va., writes:
"After the birth of my last baby, I
did not seem to get my strength
back. I took Cardui again and was
soon sound and well. I have given
it to my daughters and recommend
it to other ladies." . . . Thousands
of women testify Cardui benefited
them. If it does not benefit YOU,
consult a physician.

Mr. and Mrs. T. N. Hemphill re-
turned last Thursday from the Tem-
ple hospital where Mr. Hemphill had
been for two weeks for a minor op-
eration. He is greatly improved.

One may start out running with
a crowd and end up walking by him-
self.
